ROSTER of ROSES

Evergreen Shrubs and Trees

To Beautify Your Home

NEW BRUNSWICK NURSERIES

Rose Specialists

LINCOLN HIGHWAY,

South of NEW BRUNSWICK, N. J.

Our Special Collections

These collections are made up to meet frequent requests from our customers for our selection of the various kinds of plants.

For the most part they really represent the choice of those customers who visit our fields during the blooming season; in other words they represent the varieties you would choose yourself if you were to visit our fields when the roses are in bloom.

A special price is made because we handle much greater quantities of these varieties and are thus able to give our customers this advantage.

The stock is of first quality in each case, except the Four Roses for \$2.00, where we have made up a collection for the Rose Lover who wants just a few roses for a little money. These are "second size" roses and represent a value equal to the special collections usually offered.

One or more collections may be ordered at the given rate.

Four Roses for \$2.00

- 1 Pink Dorothy Perkins, 18-24" long (see cover).
- 1 Red Dorothy Perkins, 18-24" long.
- 2 Ever-Blooming Bushes, 12-18" high, red or pink.

Eight Ramblers for \$5.00

Strong 2-year plants

- 1 Gardenia, double yellow.
- 1 Lady Gay, pink.
- 1 Excelsa, red, improved Crimson Rambler.
- 1 Tausendschoen, pink and white.
- 1 Bess Lovett, new, large red flowers.
- 1 American Pillar, pink with white eye.
- 1 Aunt Harriet, scarlet crimson.
- 1 White Dorothy, small double white.

24 Phlox for \$5.00

Will bloom through Summer and Fall

- 6 Europa, white with lilac eye.
- 6 Caran d'Ache, red.
- 6 Rynstrom, rose pink.
- 6 Champs Elysee, rosy purple.

Seven Ever-Blooming Roses for \$6.00

- 1 Duchess of Wellington, yellow.
- 1 Etoile de France, red.
- 1 Killarney, pink.
- 1 Lady Ashtown, coral pink.
- 1 Mrs. A. R. Waddell, saffron yellow.
- 1 Mrs. W. C. Miller, pink.
- 1 Reine Marg't d'Italie, red.

These Six Evergreens for \$5.00

Shipped with ball and burlap, so they'll grow.

Transportation paid by customer.

- 2 Arbor Vitae 18-24 inch
- 2 Chinese Arbor Vitae..... 18-24 inch
- 2 Norway Spruce 18-24 inch

At the Sign of the Rose

DURING the blooming season of our Roses, from June 20th to October 15th, we cordially invite you to visit our fields and walk through the rows of Roses.

We grow over One Hundred thousand Roses each year, and half of them are usually in bloom during the period mentioned above.

Directly on the Main Road from New York to Philadelphia, along the concrete Lincoln Highway, you will easily find our Sign and our Roses just a few miles south of New Brunswick.

Any day including Sunday, you will find someone to welcome you and tell you just as much about Roses as you wish to know.

Cordially Yours,

Fred. D. Osman, Prop.

NEW BRUNSWICK NURSERIES

Along the Lincoln Highway

New Brunswick, N. J.

Why Not?

We would like you to try our Roses and see for yourself if there is not a difference.

From the time you open the bundle and notice the size of the bushes, the size and number of the large and fibrous roots, where is hidden the vitality that cannot be seen until they are planted and your bushes bloom forth into leaves and flowers.

Then you will truly see and appreciate the result of four years of conscientious effort to produce a better rose for your enjoyment.

What Makes These Roses So Much Better?

Four years of constant effort is the brief but inclusive answer.

During the first year the ground is fitted, ploughed, fertilized, mellowed and ploughed again and weathered in between. The seed is collected and prepared for sowing the next year.

During the second year, the seed is planted, carefully nursed and cultivated to keep it clear of strangling weeds and mulched to retain the moisture and thus help it to attain its full growth as a seedling. But this is not the seedling which produces the fine blooms you enjoy on your bushes. This seedling is called MULTIFLORA and furnishes only the roots; it is a wild rose with all its vigor and vitality.

In the third year this seedling is transplanted into wider rows so that it may grow stronger, and from which the tame bush can draw for its bounty of bloom and foliage. In this year also a bit of tame bush, called bud or eye, is grafted or budded onto the wild stock or seedling, and the two grow together during the third year.

In the fourth year the wild top is cut off close to the ground and the tame bush sends up its vigorous branches fed by the wild roots that formerly nourished their own wild tops.

True it is that their human care means much to the growth of the bush, and here not only are they handled carefully and intelligently, but even after harvesting they must be taken care of so that they will reach you with all their vitality left in.

Kept from the drying winds as they are dug, they are taken in small lots, each kept true to name, to the sheds and trenched in moist earth to keep the roots damp and well supplied with the moisture they need.

Here they are graded to a high standard, one size being known as the first grade, a second size known as the seconds; all falling below these two grades are thrown away.

New Brunswick Roses really do mean more than "just Roses."

Specifications and Prices

To enable our customers to more accurately judge the value of our Roses we present herewith measurements which our Roses must meet under their respective classes:

First Grade Climbers and June Roses must have at least four branches not less than 24" long and not less than $\frac{1}{4}$ " in diameter.

Second Size must have not less than two strong branches not less than 18" long.

First Grade Everblooming Roses or Hybrid Teas, except dwarf growers mentioned in list, must have at least three branches not less than $\frac{1}{4}$ " in diameter and not less than 18" long.

Second Size must have not less than two strong branches at least 12" long.

First Grade Baby Ramblers and Dwarf Growing Hybrid Teas shall have not less than four branches not less than 12" long.

Second Size must have not less than three branches 8" long.

Where Roses have been pruned for planting, thickness and number of branches are still to be noted.

The measurements of length are taken from the top of the roots to the top of the bush.

All roots must substantially consist of two or three larger branch roots and many small and fibrous ones.

Our Prices for Roses include packing and transportation charges, guaranteed delivery, and our broadly interpreted Guarantee or Replacement Plan mentioned in our Business Policy on back of Order Blank.

Except for new Roses our dozen rate applies on 6 or more plants, and the hundred rate applies on 25 or more plants.

We sell Everblooming Roses in colors red and pink at 50c. each, \$5.00 per dozen.

New Roses and Varieties of Special Merit

Eldorado (Land of Gold). Large-sized flowers of distinct formation, vigorous growth and free flowering habit and fragrance; color golden yellow that is peculiar to the climbing Rose Marechal Niel, with the base of the petals slightly tinted red.

\$4.00 each, in pots.

Souvenir de Claudius Pernet. A beautiful clear yellow, in bud like a large tight pointed buttercup, colors remain until petals fall.

\$3.50 the bush, \$35 per dozen.

Second size, \$2.50 each, \$25 per dozen.

Varieties at \$1.50 each.
Second size 1.00 each.

Chateau de Clos Vougeot. Deepest red with velvety black shadings. A full rose delightfully fragrant. Productive bloomer, but plant only a moderate grower.

Columbia. Large flowers of beautiful pink born on long stems. Color deepens instead of fading. Free from mildew or spot.

Dora Hanson. Peach pink deepening to dull crimson at center. Large size in bloom and bush.

Los Angeles. Luminous flame pink, toned with coral and shaded with yellow at base. Buds long

Golden Emblem. A striking new yellow and prolific bloomer. Resembles Marechal Niel in shape, but hardier. Long stemmed with glossy foliage, which is mildew proof.

\$2.50 each, \$25 per dozen.

Second size, \$1.50 each, \$15 per dozen.

Hugonis. A Chinese Rose, beautiful acacia-like foliage. Spring bloomer with branches covered with large yellow single flowers. Very hardy.

\$2 the bush, \$20 per dozen.

Second size, \$1.50 each, \$15 per dozen.

\$15 per dozen. \$100 per 100
10 per dozen. 80 per 100

and pointed. Its beauty and color are maintained until the petals fall.

Mme. Butterfly. Improved Ophelia, a combination of bright pink, apricot and gold. Unique for corsages and for low table decorations.

Mme. Leon Pain. Inside of petals light silvery salmon, salmon pink on outside, center orange salmon. Good Fall bloomer. Excellent foliage.

Souvenir de la Malmaison. Medium-size, compact flower, flesh pink, exquisite in bud, holding its petals tightly until full bloom, reminding one of an artificial rosette.

Hybrid Teas or Everblooming Varieties

First Grade \$1.25 each. \$12.00 per dozen. \$90 per 100
Second Size .65 each. 6.50 per dozen. 45 per 100

Antoine Rivoire. Rosy flesh on yellow ground, edged with deep carmine, base yellow. A delightful combination.

Augustine Guinoisseau. The blooms are white, overlaid with soft blush, fragrant. Very free bloomer.

Betty. Blooms extra large, full and globular, with a delightful fragrance. Color coppery rose overspread with golden yellow. Good autumn bloomer.

Duchess of Wellington. Intense saffron yellow. A fine, strong featured rose, familiarly called the "Orange Killarney."

Duchess of Westminster. Handsome flowers of exquisite fragrance. The blooms are large in size, daintily formed, clear rose madder.

Earl of Warwick. Soft salmon-pink, with heavy vermilion shadings; large and full. Vigorous grower. A fine decorative variety. Very sweetly perfumed.

Edith Part. Blooms are perfect in shape and of a lovely rich red, with a marked suffusion of deep salmon and coppery yellow; very sweetly perfumed.

Etoile de France. Velvety garnet-red cup, with center of vivid cerise. Flowers very large and full. Fragrant and of sturdy growth.

Florence Pemberton. Extra large and excellent shape and form. Color creamy white, suffused with light pink, the edges of the petals being tinted lightly with peach-pink.

Francis Scott Key. A glorious rose of blazing red. Perfectly formed; large size; fragrant. An excellent bedding variety and blooms until frost.

Frau Karl Schmidt. Satiny pink, with silvery sheen. A very desirable rose.

George C. Waud. Orange vermilion—a light red. Large flower of perfect shape, holding its color unusually well.

Grace Molyneux. Creamy apricot with flesh center; large, fine form and delicately perfumed. Prolific bloomer and a hardy grower.

Grange Colombe. Large full flower of good form; good light yellow; strong grower and prolific.

Gruss An Teplitz. One of the best garden roses, giving many beautiful flowers over a long period. The flowers are crimson-scarlet. Fine for mass planting and hedges.

Gustav Grunerwald. Broad petals of bright carmine-pink, center yellow. The buds are long and pointed and the flowers are large, full and of perfect form.

Hugo Roller. Clear lemon yellow, edged with soft crimson; a small flower of peculiar excellence with its variations.

Irish Fireflame. This rose possesses one of the most pleasing color combinations found in any variety. The long, pointed buds are deep maddery orange, splashed with crimson, expanding to large single flowers of rich, satiny old gold.

Jonkheer J. L. Mock. Large to very large full flower; long, pointed bud on long, stout stem. Outside of petals, brilliant carmine-rose, inner side silvery, rosy white. Very erect, strong grower with splendid stems for cutting. Wood almost thornless. (Second size only.)

Killarney, Double White. A distinct rose worthy of its name. It is similar to the famous Killarney in size, shape and fragrance, but the color is snow-white instead of flesh-pink.

Killarney Queen. Blooms large and well formed from bud to the fully open flower. In color it is throughout a distinct, clear pink. (Second size only.)

Lady Alice Stanley. A rose of remarkable vigor and size of flower. Outside of petals deep coral rose, inside pale flesh. (Second size only.)

Lady Ashtown. Extremely beautiful flowers of pale carmine-pink, shading to golden yellow at the base of the petals. The blooms are large, globular and well formed.

Lady Ursula. The blooms are large, with broad, thick petals of great substance. In color Lady Ursula is a smooth flesh-pink.

La Tosca. The color is silvery pink with deeper center. Flowers large and full, abundantly produced. The bushes are vigorous growers, with sturdy, erect stems and deep heavy branching habit.

Mme. Caroline Testout. Light salmon-pink; very large and perfect flowers of globular form, seldom coming malformed. A super rose, either as a show or garden variety.

Mme. Edmee Metz. Finely formed flowers of rosy carmine, with silvery salmon shading. Large size and globular form. Vigorous; very free flowering.

Mme. Edouard Herriot. The coral-red buds open to semi-double, medium sized flowers of coral-red, shaded with yellow and bright rosy scarlet, passing to prawn red.

Mme. Jules Grolez. Large, full flowers, color bright china-rose. The bush is strong and produces many large flowers throughout the blooming season and until frost. A fine rose for massing. Dwarf grower.

Mary, Countess of Ilchester. Very large flower; glowing carmine. Good grower and of fine habit. Attractive, deep green foliage.

Marquis De Ganay. Very large, full flowers, growing on sturdy, erect plants. The color of this desirable rose is clear bright silvery pink.

May Miller. Brilliant coppery rose, shaded with apricot and peach toward the edges of the petals. Vigorous grower; free bloomer.

Miss Alice de Rothschild. Deep yellow center with lighter edges. Buds rather light, but color deepens as they expand. Flowers medium size, very full, pointed in bud, cupped when open.

Miss Cynthia Forde. Clear, rich pink. The flower is very full, the petals beautifully imbricated. Growth remarkably strong and upright.

Milady. Crimson scarlet. Flowers large, full and well formed, carried on good, stiff stems.

Mrs. Aaron Ward. A strong bush, producing a profusion of flowers all season. The buds are long and shapely and open into cup-shaped flowers of deep Indian yellow, occasionally washed with salmon rose. Dwarf grower, second size only.

Mrs. A. R. Waddell. Apricot yellow, orange and salmon. This rose is a simply wonderful, bushy grower, producing numerous blooms, and has exceedingly beautiful foliage.

Mrs. MacKellar. Perfect large bud, finely formed, delightfully fragrant and a rich and soft creamy white, varying sometimes to citron yellow.

Mrs. Wakefield Christie-Miller. Large, globular, peony-formed blooms of soft pearly blush, shaded salmon, outside of petals clear vermilion rose.

Natalie Bottner. Large, full, perfectly formed flowers of pale soft flesh to creamy yellow, fading white, yellow base. The bushes are strong growers of erect, branching habit.

Old Gold. Vivid reddish orange, with coppery red and coppery apricot shadings. Medium-sized, moderately full flowers are produced in profusion.

Queen of Fragrance. Color lovely shell pink, tipped with silver. It is particularly notable for its powerful and delicious fragrance, for which it was awarded the Clay Challenge Cup by the Royal Horticultural Society.

Radiance. An erect strong-growing rose producing an abundance of light silvery flesh to salmon pink flowers, suffused pink and yellow coppery red.

Reine Marg't D'Italie. Dark red, medium size flower, wide branching stems, a vigorous and popular bush.

September Morn. A strikingly distinct and beautiful rose of large size; flowers borne on long, strong and erect stems; growth of the very strongest. Color delicate flesh.

Souvenir Du President Carnot. This variety has fine, long, graceful buds on rigid stems. The flowers are large, globular in form, and of exquisite rosy flesh color, shaded with white at the edges of the petals.

Wellesley. A most fragrant garden rose of a beautiful shade of pink; vigorous, healthy grower,

remarkably free flowering, with fine keeping qualities.

William R. Smith. The bush is strong and vigorous, bearing many beautiful blooms of large size; opens freely in all weathers. The color of the individual flower is soft silvery white, shading and toning to a delicate soft peach pink.

William Shean. Awarded gold medal by the National Rose Society. Its color is pure pink, delicately veined with ocher. The flowers are large, full, and of perfect form.

Climbing Hybrid Teas

Climbing Etoile de France. A handsome flower, soft velvety crimson on the outer petals and vivid cerise in the center.

Climbing La France. A counterpart of the popular bush type except for its climbing habit.

Climbing Lady Ashtown. This lovely climber has exquisite flowers of pale carmine-pink, shading to golden yellow at the base. The blooms are large, globular, and well formed, with high center. A profuse bloomer.

Hybrid Perpetuals or June Roses

Usually blooming two or three times during the season

First Grade Bushes, \$1.00 each, \$10.80 per dozen, \$80 per 100
Second Size Bushes, .50 each, 5.40 per dozen, 40 per 100

American Beauty. Deep rose, shaded carmine; very large, globular flower, produced on long, stiff stems; richly perfumed. The well-known, high-priced flower of the American florist.

Frau Karl Druschki, syn. White American Beauty and Snow Queen. This is the queen of all white roses, both in size and purity. The buds, however, are often tinged with pink, but this color appears only on the outside of the outer petals, and the flower opens to a pure snow white.

General Jacqueminot. The old favorite "Jack" rose is still popular. The blossoms are large, full, and globular, having an excellent cup-shaped form. In color they are brilliant scarlet-crimson, with deeper veinings toward the petal bases.

George Dickson. Is one of the best dark roses in existence. The blooms are as nearly perfect as those of any rose, large, full, and fragrant. The color is deep velvety crimson, almost black on the front of the petals, while the reverse side is heavily and deeply veined with rich crimson-maroon. Never blues, browns or seals.

Hugh Dickson. Intense crimson, shaded scarlet; very large; full and magnificent form, with high pointed center. Delightful perfume. A gold medal rose.

Magna Charta. An old variety of great merit. The blooms are large in size and colored a rosy pinkish carmine. It is very fragrant and blooms in abundance.

Margaret Dickson. The National Rose Society has awarded this rose a gold medal, and it well deserves the honor, for it is a dainty white variety, with pale flesh center, that wins the admiration of everyone.

Mrs. John Laing. Extremely large blooms of soft pink. Long buds; cup-shaped, fragrant flowers. Strong grower; free bloomer. A very popular rose.

Paul Neyron. The largest rose in existence, frequently reaching 6 inches in diameter. The color is clear pink, shading to soft rose; has a delightful fragrance.

New Ramblers and Varieties of Especial Merit

First Grade Bushes, \$1.10 each, \$10.80 per dozen, \$75 per 100

Alida Lovett. Buds and flowers large, long stemmed, shell pink with rich sulphur shadings at base of petal. Flowers long lived and pleasantly perfumed.

Bess Lovett. Shape of bloom resembles climbing American Beauty, but is a clear bright red and most fragrant of all roses. Vigorous grower and free bloomer with large glossy foliage.

F. J. Grootendorst. Small double bright red

flowers produced in clusters from June until frost, foliage especially attractive.

Mary Lovett. An extremely beautiful waxy white. Large flower with large petals and free blooming. Good foliage.

Paul's Scarlet Climber. More brilliant than any other climber. Flowers remain a long time. Vivid scarlet, shaded with bright crimson. Large clusters produced in masses.

Varieties at \$.75 each, \$7.50 per dozen, \$60 per 100
Second Size .40 each, 4.00 per dozen, 30 per 100

American Pillar. Large single flowers are a lovely shade of cherry-pink, with a clear white eye.

Aunt Harriet. Originated by Dr. Van Fleet, the famous American Hybridizer. In full bloom every branch is loaded with crimson scarlet roses.

Aviateur Bleriot. A strong-growing plant with beautiful glossy, insect and disease-proof foliage, and bearing large clusters of medium-sized full double flowers of a saffron-yellow, deepening to golden-yellow at the center.

Dr. W. Van Fleet. One of the most important climbing roses. It has a perfectly formed bud which is long and pointed, deep pink in color, and very solid. In addition to its wonderful profusion in blooming, the large glossy foliage has a great decorative value during the entire season.

Dorothy Perkins. The blossoms, of medium size, are produced abundantly in large clusters, and are a delightful soft blush-pink color. They are very fragrant and retain their color a long time.

Excelsa. A worthy substitute for Crimson Rambler, with all the profusion of crimson bloom in June. Unquestionably the best double red rambler. Does not mildew.

Flower of Fairfield (the Everblooming Crimson Rambler). It carries the crimson splendor of the type from spring even into November.

Gardenia. The old-fashioned double yellow borne in clusters.

Hiawatha. Single deep intense crimson, shading to snowy white at the base. Foliage light glossy green. An exceptionally beautiful climber.

Rosiere. An improved Tausendschoen with the same habit of growth and general characteristics, but superior in color—a deeper and more even shade of cerise-pink. Very free bloomer.

Silver Moon. The long, well-shaped buds are creamy yellow on first appearance and have a faint tea scent, opening into immense flowers, often reaching 5 inches in diameter. The blooms are semi-double in form with the center petals undulated and curled, but all of a pure waxy whiteness, the center being a mass of bright yellow stamens, thus giving a wonderful contrast. The glossy foliage is immune from disease of any kind.

Tausendschoen, Thousand Beauties. Differs from all other climbers with its large clusters that change in color from pink to white and cover the branches. Few thorns and attractive foliage.

White Dorothy Perkins. A handsome pure white sport from the old favorite Dorothy Perkins, and it has all the finer qualities found in that charming variety. It fills a long felt want in the list of white Roses, and is as popular as its pink parent.

The Christmas Rose

(*Helleborus niger*)

A herbaceous perennial that blooms at Christmas if the Fall is mild and during Spring at intervals. Plant in a protected spot with partial shade. Cover wild leaves and light boughs in late Fall. Easily forced under glass. Color white and sometimes flushed with purple. Very hardy when once established.

Price 75c., \$8 per dozen, \$60 per 100

Wild Roses

For the shrubbery bed, or as hedges, or to beautify a wild spot
50c. each, \$5.00 per dozen, \$40 per 100

Rosa Blanda. Meadow Rose, slender reddish purple branches, almost thornless, with pale green, oval foliage. Bright rose color blooms.

Rosa Carolina. Swamp Rose. Hardy in either wet or dry soil. Shrubby growth, pretty pink flowers.

Rosa Lucida. A beautiful single white flower with glossy foliage that turns a striking purple in fall. The flowers measure 2 inches across and are followed by orange scarlet fruit.

Rosa Multiflora. Strong growing with long arching canes almost covered with white clusters in June.

Rosa Nitida. Northeastern rose. Flowers bright pink, branches of deep red color are covered with straight prickles and bristles, foliage bright green and glossy.

Rosa Rugosa. Red or white. Attractive foliage, single flowers rosy crimson or white, orange scarlet fruit until late in the winter. Fine for hedges.

Rosa Setigera. Useful for massing in picturesque hillside brambles; and as borders to wildwood drives. Large single flowers of a bright rose red.

Rosa Wichuriana. Memorial Rose. Single white flower clusters, a handsome rose covering for banks and rockeries. Half evergreen foliage, glossy.

Hedge Plants

While some varieties of Evergreens, Shrubs and Roses have been successfully used in Hedges, Barberry and Privet have established themselves quite solidly as the general all around Hedge Plants.

The Barberry for a low-growing hedge with its irregularly artistic branches, leaves changing to attractive shades of red in the fall and the red berries clustering among the bushes until late winter, its adaptability for planting in dry and shady places, as a covering, a defense and for foundation planting make it a very desirable plant.

Specimen Plants, \$1.50 and \$2.00 each; \$15 and \$20 per dozen.

For Hedging, 18-24 inch plant 2 to each foot, 50c each, \$5 per dozen.

12-18 inch plant 3 to each foot, 20c each, \$2 per dozen, \$15 per 100.

California Privet, 3 to 4 feet, Heavy Bushes, 30c each, \$3 per dozen, \$20 per 100.

2-3 foot, plant 2 to each foot, \$1.20 per dozen, \$8 per 100.

18-24 foot, \$1.00 per dozen, \$6 per 100.

12-18 foot, 75c per dozen, \$4.00 per 100.

Phlox

See front page for Special Offer.

Plant in spots for color masses. Arrange your Garden's color scheme from these varieties.
30c each, \$3.00 per dozen, \$20.00 per 100

Except Elizabeth Campbell which is
50c each, \$5.00 per dozen, \$35.00 per 100

Baron Von Dedem. Somewhat similar to Thor with large flowers but petals loosely interwoven. Color lighter to salmon pink with deep circle of cerise at center.

Elizabeth Campbell. The aristocrat of all Phlox—the scarcity of this variety makes it less well known but anyone who has seen it in bloom, recognizes it as a Phlox without a peer; its pastel shades of apricot pink remind one of an exquisite painting, its petals interleave closely, curl slightly at the edge and give an effect of a rounded point at each petal. Delicately veined with a marked circle of cerise at center from which radiate small splashes of light pink. Delicate fragrance.

Europa. Outstanding variety, profuse flowering, white with clear lilac eye and very fragrant.

Frau Anton Buchner. Clear white and creamy ring at center—sometimes this variety reverts and shows pink veinings on the white petals which is a pleasing variation. Quite fragrant.

Fraulein von Lassburg. Clear white, creamy center, medium flower and fragrant.

Luminaux. Clear rose pink, with petals not so closely interlaid, deeper pink circle at center. Evenly veined with pastel splashes spreading from center. Fragrant.

Mrs. Jenkins. The best white. Medium size flowers and fragrant.

Pacha. Light rose pink, delicate veining with splashes from center of deeper pink. Circle cerise pink. Very fragrant.

Rynstrom. Vibrant sweet pea pink, closely interlaved petals, slightly veined with light and dark shades of pink and with a real deep pink circle at center. One of the most popular varieties and with very little variance in color.

Our Business Policy

1. We pledge our best efforts at all times and in all ways to grow and to supply to our customers the best quality of Nursery stock possible. Customers should realize that success depends, not only upon this stock, but also upon planting, care and weather, over which we have no control.

2. Our prices are as low as the cost of growing quality stock will permit.

3. The greater volume of our business is received through the mails and, like other "mail-order businesses," our terms are Cash with order unless by special credit arrangement.

4. We guarantee our Products to be of first quality, healthy and true to name when delivered. Any stock not meeting this guarantee will be replaced without charge by stock of same kind and quality, or of equal value, upon immediate notification thereof. We are responsible for such errors only to the amount originally paid.

5. If any stock sold by us should not live and grow during the first year after planting, through causes other than neglect, abuse or the weather, we agree to share such losses with our customers by replacing such stock of the same kind and quality, or of equal value, at one-half the original price paid, providing the stock has been paid for in accordance with our terms. Failure of spring planting must be reported on or before July 1st and of fall planting on or before May 1st.

6. Acceptance of goods sold by us indicates acceptance of these conditions.

MELROSINE

The Universal Contact Insectide
Absolutely kills the Rose Bug, hardest of all insects to kill.

Dilute twenty times and spray when you see the Rose Bugs at work. Order it early and have on hand.

Pint cans will make 2 to 3 gallons \$1.25, which includes postage.

Quart cans will make 4 to 6 gallons \$2.00, which includes postage.

The Pines

Fast Growing Evergreens for Distance Planting

Austrian. Robust stately tree, long dark green leaves in pairs.

	Each	Per dozen
3 feet	\$4.00	\$40.00
4 feet	6.00	60.00
5 feet	8.00	80.00

Bothan, long rich silvery foliage in groups of five, pendulous.

	Each	Per dozen
3 feet	\$4.00	\$40.00
4 feet	6.00	60.00
5 feet	8.00	80.00

Dwarf Mountain, of prostrate and compact habit. Ornamental when planted singly or in pairs.

	Each	Per dozen
12 inches broad	\$2.75	\$27.50
15 inches broad	3.25	32.50
18 inches broad	4.50	45.00

Scotch Pine, strong branches, with upright tops, very useful for sky line effects.

	Each	Per dozen
2 feet	\$2.00	\$20.00
3 feet	3.00	30.00
4 feet	5.00	50.00

White Pine, one of the best native pines. Cones usually quite long.

	Each	Per dozen
2 feet	\$1.50	\$15.00
3 feet	3.50	35.00
4 feet	4.50	45.00

Elm—

American.

	Each	Per dozen
8-10 feet	\$1.50	\$15.00
10-12 feet	2.50	25.00

Horse Chestnut.

	Each	Per dozen
4- 5 feet	\$2.00	\$20.00
5- 6 feet	2.50	25.00
8-10 feet	3.50	35.00

Linden—

American.

	Each	Per dozen
8-10 feet	\$2.50	\$25.00
10-12 feet	3.50	35.00

European.

	Each	Per dozen
8-10 feet	\$3.00	\$30.00
10-12 feet	4.00	40.00
12-14 feet	6.00	60.00

Maple—

Norway, the popular Shade Tree.

	Each	Per dozen
4- 6 feet	\$1.00	\$10.00
8-10 feet	2.50	25.00
10-12 feet	3.50	35.00
12-14 feet	4.00	40.00
12-14 extra	5.00	50.00

Silver.

	Each	Per dozen
8-10 feet	\$1.25	\$12.50
10-12 feet	2.25	22.50
12-14 feet	3.00	30.00

Sugar.

	Each	Per dozen
8-10 feet	\$2.25	\$22.50
10-12 feet	3.25	32.50
12-14 feet	4.00	40.00

Mulberry. Weeping, a more graceful ornamental than the Umbrella Tree.

	Each	Per dozen
Medium 1 year.....	\$2.50	\$25.00
Special 2 years.....	3.00	30.00
Extra grade	5.00	50.00

Poplar—

Carolina—Fast growing shade tree, should not be used as a street tree, but in open spaces.

	Each	Per dozen
6- 8 feet60	\$6.00

Weigelia, rose, red and white.

	Each	Per dozen
2-3 feet75	\$7.50
3-4 feet	1.00	10.00

Clinging Vines

First Class 2 year clumps, 50c each,
\$5.00 per dozen.

Boston Ivy. Small leaves, turning from bright green to scarlet in Fall.

Engelman's Ivy. Large green foliage changing to scarlet.

Virginia Creeper. Large green five-fingered foliage, changing to scarlet in Fall.

Trellised Vines

First Class 2 year roots, 50c each,
\$5.00 per dozen.

Bignonia. Trumpet Vine, rapid climbing with large brilliant orange scarlet flowers in July and August.

Bittersweet—A rapid climber with orange yellow flowers and crimson berries.

Clematis. Bridal Bower, rapid climber, attractive foliage and extremely fragrant large clusters of small white flowers.

Kudzu Vine. Fast growing, produces a multitude of graceful hairy stems, 40-50 feet long in one season; flowers somewhat like Wisteria.

Wisteria. Purple and white.

Fruit and Nuts

Our stock mentioned herewith is two-year heavy, the most practical size to plant in the back yard. If planting an orchard for commercial purposes, one year stock has been proven by experienced orchardists to be the most practical. We will be glad to quote on a list of Fruit for orchards, in which case please give us varieties and quantities. Avoid "bearing age" fruit trees; they seldom prove practical.

Apples. \$1.00 each, \$10.00 per dozen, \$75.00 per 100.

Baldwin, large bright red, Winter apple.
Ben Davis, large striped red, late keeper.
Delicious, large dark red, dotted, flesh yellow, Winter apple.
Grimes Golden, golden yellow skin, late keeper.
McIntosh Red, large round with white flesh, annual bearer.
Paragon, large dark red, vigorous grower, excellent keeper.
Staymen's Winesap, dark red, excellent Winter keeper.
William's Early Red, attractively striped red, very juicy, Summer variety.
Yellow Transparent, medium size, flesh tender and juicy, Summer variety.
York Imperial, medium size, light red, vigorous and productive.
Hyslop Crab, deep crimson, very small but desirable, ripens in Fall.

Apricot. \$1.50 each, \$15.00 per dozen.

Alexander, Russian, large oblong fruit, very productive.

Pears. \$1.25 each, \$12.00 per dozen, \$80.00 per 100.

Bartlett, popular variety with luscious flavor, early Fall.
Kieffer, large golden yellow, coarse flesh, good for canning.
Seckel, small yellowish, very sweet. Ripens September and October.
Sheldon, large round yellowish russet, delicious when ripened late.

Plums. \$1.50 each, \$15.00 per dozen.

Abundance, large oblong, red skin, flesh yellow, early bearing.
Burbank, deep red, ripens in October; best of Japanese Plums.
Damson, small dark purple, excellent for preserving.
Lombard, medium oval, violet red, vigorous and good bearer.

Peaches. 50c each, \$5.00 per dozen, \$40 per 100.

Belle of Georgia, Freestone, ripens in August.

Burbank's Royal Walnut. Very hardy and grows three times faster than ordinary walnut; bears very large nut. Grown from nuts purchased from Luther Burbank.

	Each	Per dozen
18-24 inches high.....	\$0.50	\$5.00
2- 3 feet high.....	1.00	10.00
3- 5 feet high.....	2.00	20.00

Japanese Walnut. Similar to English walnut but much faster growing.

6 feet \$2.00 each, \$20 per dozen.

The Right Food Gives Best Results—

Alphano Humus for your Lawn and Garden Seed.
Wizard Sheep Manure for Roses, Trees and Bushes.

Standard or Tree Roses

Rose Trees are a delightful variation of the Rose Family and once enjoyed will always be desired.

They invariably excite admiration when blooming with their shower of blooms a distance of 3 to 4 feet from the ground.

In temperate climates no Rose Garden should be without them, but in the colder climates they require extra care through the winter—either burying the whole tree in the ground or boxing and filling with earth in their standing position.

We have the best assortment of Standard Roses possible—Climbing varieties that present a weeping effect, June Roses with their gorgeous large blooms and large bushy heads, and the Everblooming Teas with their continuous blooms through the season.

For the Rose Fan who lives south of Pennsylvania, or who will take extra precaution through the winter where the winters are quite cold, we recommend them highly.

For the Rose Lover, who would be satisfied with their first year's bloom, they will prove a real treat.

Prices \$2.50 each, \$25.00 per dozen, \$175 per 100.

One or two alternative varieties should be given in ordering.

June Blooming Varieties

Anna Diesbach, pink.
Baroness Rothschild, pink.
Frau Karl Druschki, white.
George Arends, pink.
Fisher Holmes, red.
Hugh Dickson, dark red.
